# TREND COLOURS 2024 INJECTION MOULDED POTS

We are happy to present you these 11 trend colours for 2024. Based on style trend research, we have developed these current and trendy coloured pots which will make your plant stand out even better!

We offer two different colour sets, namely Striking Colours and Natural Tones. Do you want to make sure that your plant pot combination stands out? Then choose one of the Striking Colours offered by Modiform. If you prefer something more neutral, choose a colour from the Natural Tones colour set.

All these pots meet our R&R standard, meaning that the PP material is 100% recycled and are fully recyclable. Ofcourse, all pots have a Cyclos certificate to prove their recyclability.

Go ahead and make your living room or garden fashionable with these fantastic colours!
